PERMIT GUIDANCE

1) This permit does not authorize movement or release into the environment of genetically engineered organisms produced with the regulated organisms described in this permit. Importation, interstate movement, and environmental release of genetically engineered plant pests require a different permit issued under regulations at 7 CFR part 340. Any unauthorized interstate movement or environmental release, including accidental release, of a regulated GE organism would be a violation of those

PERMIT CONDITIONS

USDA-APHIS issues this permit to Matthew Campbell, Sagebrush Butterflies, 1013 NW Furnish Ave, Pendleton, Oregon. This permit authorizes the interstate movement of the listed regulated materials/organisms from the above address to destinations in California for educational use. Environmental release is not authorized.

1.
 - This permit is issued by the United States Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). It conveys APHIS regulations and requirements for the material(s) listed on this permit. It does not reduce or eliminate your legal duty and responsibility to comply with all other applicable Federal and State regulatory requirements.
 - The permit number or a copy of the permit must accompany the shipment.
 - You must be an individual at least 18 years old, or legal entity such as partnership, corporation, association, or joint venture.
 - You are legally responsible for complying with all permit requirements and permit conditions.
 - If you violate any applicable laws associated with this permit, you may face substantial civil or criminal penalties. We may cancel all current permits and deny future permit applications.
 - Without prior notice and during reasonable hours, authorized Federal and State Regulators must be allowed to inspect the conditions associated with the regulated materials/organisms authorized under this permit.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

2. The permit holder must:

- maintain a valid PPQ526 permit so long as the regulated materials/organisms are alive or viable,
- not assign or transfer this permit to other persons without APHIS PPQ authorization,
- maintain an official permanent work assignment, residence, or affiliation at the address on this permit,
- notify the Pest Permit Staff as soon as possible of any change in the permit holder's work assignment, residence, or affiliation,
- notify the Pest Permit Staff of the receipt of unauthorized and/or misdirected shipments of regulated materials/organisms,
- adequately mitigate environmental impacts resulting from unauthorized release of regulated materials/organisms and notify the Pest Permit staff immediately if one occurs,
- notify the Pest Permit Staff if the facility is damaged/destroyed or if you wish to decommission the facility,
- destroy all regulated materials/organisms prior to departure from the organization unless other arrangements are confirmed by the Pest Permit Staff.

Notifications to the Pest Permit Staff must be made via 866-524-5421 or pest.permits@usda.gov within one business day of the event triggering a notification.

3. This permit does not authorize importation of any organisms.
4. This permit does not authorize receipt of any organisms at the above address/location.
5. Eggs (ova) or caterpillars (larvae) can not be field collected. All specimens shipped must be the progeny of butterflies whose specific identify was verified as a permitted species on this permit.
6. Plant materials included with egg (ovum) or caterpillar (larva) shipments can not include reproductive parts. This means any plant part that can be propagated including, but not limited to, seeds, roots, bud wood, axillary buds, apical meristem, rhizomes, bulbs, etc.

7. This permit does not authorize drop shipping. Drop shipping includes any shipments of regulated organisms made to customers from other producers or suppliers. These shipments do not originate from your address. These shipments may include filling orders on your behalf. Each shipper must have a permit issued to them authorizing the interstate movement of the specific regulated organism to each destination. As a permit holder, your permit does not cover the activities of other shippers. Each permit holder remains responsible for determining if another entity possesses a valid 526 Plant Pest Permit for each regulated organism prior to requesting any regulated organism be shipped on their behalf.
8. The permit holder must keep records of all shipments sent under this permit for a period of three (3) years after the shipping date. All records retained under this permit must be made available to Federal and State regulators upon request.
9. The permit holder is to ensure that shipments are not contaminated with any additional plant pests, pathogens, plant materials, or soil.
10. Non-reproductive plant materials required to sustain eggs or caterpillars during shipment must be kept to the least amount needed. Quantities cannot exceed 2 pounds.
11. Plant materials must be free of visual evidence of plant disease, insects, and other invertebrates.
12. Plant materials can not be field collected. They must be grown in a garden or greenhouse.
13. The regulated organisms must be shipped in escape proof containers held within a secure box.
